

## **Sustainable Mobility and Integrated Planning in Urban Areas: Trade Union Dialogue with Local Authorities**

### **Sustainable Mobility: a View from the European Transport Workers' Federation**

Alain Sutour, European Transport Workers' Federation  
Urban Public Transport Committee Chairman

- *Are the urban public transport workers concerned by the future of the sector?*
- *Sustainable development and sustainable mobility in urban areas.*
- *Funding urban public transport a union point of view.*
- *Sustainable mobility need social sustainability.*

***Are the urban public transport workers concerned by the future of the sector?***

- **Regulation 1370/2007**
- **CIVITAS**
- **EBSF**

## ***Sustainable development and sustainable mobility in urban areas.***

- **Economy.**
- **Environment.**
- **Social.**

## ***Funding urban public transport a union point of view.***

- **Fair taxation and green taxation**
- **Taxes on emissions**
- **Contributions from companies whose employees use public transport**
- **Shopping malls, property developers and real estate owners taxation**

***Sustainable mobility need social sustainability.***

- **1 million workers**
- **A highly unionized sector**
- **Sustainable mobility can't be made without or against UPT workers.**

**Thank you for your attention**
