

INFORMATION TO THE PRESS FOR THE EUROPEAN DAY OF ACTION
ON 29 SEPTEMBER 2010

The purpose of this note is to give **journalists** all the **practical details** concerning the European Day of Action on 29 September 2010.

The ETUC has set up a page on its website dedicated exclusively to the European Day of Action, and in particular the Euro-demonstration in Brussels. Journalists are advised to consult it regularly since it is updated frequently. The page contains practical information such as the route of the demonstration in Brussels, press events, press releases and the like. <http://www.etuc.org/a/7407>

Meetings with trade union leaders on the day of the Euro-demonstration: journalists are invited to meet and interview European trade union leaders on 29 September at 11.00 a.m., at the premises of the CGSLB, Boulevard Poincaré 72-74, 1070 Brussels (near the South (Midi) train station and the starting point of the Euro-demonstration). The press will also be allowed to take up a position in front of the lead formation in order to take photos and conduct interviews.

If you wish to interview a trade union leader who will not be on hand in Brussels, we will send you the name of his/her press officer so that you can contact the individual directly.

Press conference: a press conference will be held just before the start of the Euro-demonstration in Brussels, at 12 noon, at the premises of the CGSLB, Boulevard Poincaré 72-74, 1070 Brussels. We have sent out this invitation to a large number of people. If you have not received it, please contact us. You can also find this invitation on the website page on the European Day of Action under the heading "Information to the press".

Press releases: You can find our press releases at the following web address <http://www.etuc.org/a/7407#Press>

A press release announcing the number of participants in the Euro-demonstration will be published at the end of the event.

Photos: The ETUC will take photos of the Euro-demonstration and will place them online after the event on its Flickr network, which can be found on its site. The photos will be royalty-free. See <http://www.flickr.com/photos/etuc-ces>
