

Subject: Invitation to the 3M - ETUC STANDardisation webinar: '**How can standardisation address the new challenges for health & safety under pandemics**' – 25 February 2021, 10h00 CET (Brussels time)

Brussels, 8 February 2021

The ETUC is happy to hereby invite you to the next webinar the ETUC STANDardisation project is organising, in collaboration with 3M on '**How can standardisation address the new challenges for health & safety under pandemics**'.

The webinar will take place on Thursday 25 February 2021 at 10h00 CET (Brussels time) and will last approximately 1 hour.

Programme:

Introduction and Chair: **Katrin Behnke** | Policy Officer, ETUC

Presentations:

- The new challenges for health and safety under pandemics

Rafal Hrynyk, Ph.D. | EMEA Standard Development and Regulatory Specialist, 3M

- How can standards address OSH issues under pandemics? A look at ETUC work on ISO 45006 '*Occupational health and safety management —preventing and managing infectious diseases –General guidelines for organizations*'

Bruno Melckmans | Member of the ETUC Special Committee 'Standardisation' and expert in ISO/TC 283 'Occupational health & safety management' WG 5 'Pandemic'

Q&A with audience

Moderator: **Natalia Giorgi** | Consultant in standardisation, ETUC

Should you be interested in following the webinar, please confirm your participation sending an email to: NGiorgi_consultant@etuc.org before **24 February (COB)**. Connection details will be provided to registered participants.

Best regards,
The ETUC STAND Team
